 25th Easter lunch
 25th Maggie's museum
 27th Y5 forest school
 27th 1:45 Easter service
 27th Reports out
 30th Easter break

News and Information

Welcome to the first 2026 edition of the round-up—and what a start to 2026 it has been!

We have hosted our first house parent lunch. This was well attended and we hope you enjoyed the opportunity to join your children at lunchtime! We look forward to welcoming parents from oak, sycamore and willow after half term—please ensure you have booked your lunch and paid a minimum of a week in advance.

Years 5 and 6 enjoyed bikeability training despite the very cold weather and everyone who took part achieved a level 2 award—well done!

The school council organised and ran the school's first talent show. Huge congratulations to them for a very special and enjoyable event. This is a real opportunity for our children to develop their leadership skills and the current school council are rising to the challenge brilliantly.

We had our very successful number day—it was great to see everyone dressed up and joining in. The children one the student V teachers TTRS battle by earning more points during the day—but there are a lot more of them than there are teachers! Please remember to play TTRS at home as knowing times tables is a real help to the children as they move into upper key stage 2 and beyond into secondary school. Being fluent in these multiplication facts reduces cognitive load in lots of other maths areas and makes everything a lot easier!

We continue to hold our coffee afternoons on the last Friday of each month. The children are always offering different things to share with people who attend, however these are not particularly well attended by the community currently. We would love to see more people there, so please do try and join us and spread the word to your friends and neighbours as well!

Thank you to everyone who supported the book fair—we hope the children found some enjoyable books to read. This has also helped to refresh some of the books in our school library.

Thank you also to everyone who has supported class assemblies this half term. We hope you enjoy seeing what the children have been doing. We look forward to sharing Seed Class's assembly next half term.

Have a wonderful half term and we look forward to seeing you all back in school on Monday February 23rd.
